THE few following Rules relating to the Methods of matching and fighting of Cocks in *London*, said to have been in Practice there, ever since the Reign of King *Charles II.*

Which Methods in Fighting of a Main are,

To begin the same by fighting the lightest Pair of Cocks, (which fall in Match) first, preceeding upwards, to the End; that every lighter Pair may fight earlier than those which are heavier.

In matching (with Relation to the Battles) it is a Rule always in *London*.

That after the Cocks of the Main are weighed, and the Match-Bills are compared.

That every Pair of Dead, or equal Weight, are separated, and fight against others, provided that it appears that the Main can be enlarged, by adding thereto, either one Battle or more thereby.

He is allowed by the best judges to be the strongest, and the most likely to get Racers of any foreign Horse ever brought into this Kingdom.

This is to Certify to whom it may concern, that the Bay Stone Horse, which I sent from *Algiers* to *Paris*, to the late E. of *Albermarle*, in the Year 1752, and was then about 5 Years old and about 15 Hands high, was of the very best and truest of the *Arabian* breed, that was in the Hands of the late *Hassan Bey* of *Constantine*, or Vice Roy of the Eastern Province of the Kingdom of *Algiers*, and who was the only Bey in all that Country that kept up that Breed. This I had full Experience of through the Course of my Residence in *Algiers* near 30 Years, and that I never could come at a Horse of that Breed but from that very Bey, by his being my very particular Acquaintance, and he never gave nor parted with one of that Breed to any but myself, and I have sufficient Reason to believe, and am fully perswaded, that the above mentioned Bay *Arabian* Horse is now actually in the Possession of *Palmes Robinson, Esq;* in *London*, and to the Truth of which I have hereunto set my Hand and Seal, in *Bideford*, the 24th of *February*, 1757, *Devon*.

Signed and Sealed in the Pre-

sence of us in *Bideford, Devon*,

JOHN FORD.
